

The image features a dark, textured background. Three paper airplanes are scattered across the frame: one bright yellow one is positioned in the upper right, and two black ones are located in the middle left and bottom right. A dashed white line, drawn with chalk, winds through the scene, starting from the bottom left, looping around the black airplane in the middle left, extending upwards towards the yellow airplane, looping around it, and then extending towards the black airplane in the bottom right. The text is centered in the lower half of the image, to the left of a vertical line.
